91 driver training school licensed under the provisions of this chapter if he finds that the course is of
92 comparable content and quality to that offered in the Commonwealth's public schools. In making such
93 finding, the Commissioner shall not require that the instructors of any driver training school meet the
94 certification requirements of teachers in the Commonwealth's public schools.

95 Any comprehensive community college within the Virginia Community College System shall have
96 the authority to offer the courses required by the Virginia Board of Education to become a certified driver
97 education instructor in Virginia on a not-for-credit basis so long as the courses include the same content
98 and curriculum required by the Department of Education, enabling individuals who complete those
99 courses to then teach driver's education in Virginia driver education training schools upon official
100 certification by the Department of Motor Vehicles. The Virginia Department of Education shall provide
101 the curriculum, content, and other information regarding the courses required to become certified driver
102 education instructors in Virginia to any comprehensive community college within the Virginia
103 Community College System. The content of each course must be accurate and rigorous and must meet the
104 requirements for the Department of Education's Curriculum and Administrative Guide for Driver's
105 Education, which includes the Board of Education's standards of learning.

106 Except for schools in the Commonwealth's public school system and providers of correspondence
107 courses approved by the Board of Education pursuant to subsection F of § 22.1-205, only those driver
108 training schools that are licensed as computer-based driver education providers shall be authorized to
109 administer computer-based driver education courses, including the parent/student driver education
110 component of the driver education curriculum as established in § 22.1-205. The content and quality of
111 such computer-based driver education courses shall be comparable to that of courses offered in the
112 Commonwealth's public schools. The Commissioner may establish minimum standards for testing
113 students who have enrolled in computer-based driver education courses. Such standards may include (i)
114 requirements for the test site; (ii) verification that the person taking the test is the person enrolled in the
115 course; (iii) verification of the identity of the student using photo identification approved by the
116 Commissioner; and (iv) maintenance of a log containing the name and title of the licensed instructor
117 monitoring the test, the test date, the name of the student taking the test, and the student's time-in and
118 time-out of the test site. Computer-based driver education providers shall not issue a certificate of
119 completion to a student prior to receiving proof of completion of the additional minimum 90-minute
120 parent/student driver education component pursuant to § 22.1-205.

121 Any driver training school licensed under the provisions of this chapter shall be authorized to
122 provide the 90-minute parent/student driver education component of the driver education curriculum
123 pursuant to § 22.1-205. Only public schools and those driver training schools that are licensed as
124 computer-based driver education providers shall be authorized to administer the parent/student driver
125 education component of the driver education curriculum through a virtual, computer-based program.
126 Completion of such education component shall satisfy the requirement for the additional 90-minute
127 parent/student driver education component so long as there is participation of the student's parent or
128 guardian and the content provided is comparable to that which is offered in the Commonwealth's public
129 schools and emphasizes (a) parental responsibilities regarding juvenile driver behavior, (b) juvenile
130 driving restrictions pursuant to this Code, ~~and~~ (c) the dangers of driving while intoxicated and underage
131 consumption of alcohol, and (d) the dangers of distracted driving.

132 The Commissioner shall have authority to approve any driver education course offered by any
133 Class A licensee if he finds the course meets the requirements for such courses as set forth in this chapter
134 and as otherwise established by the Department. Class A licensees shall not be permitted to administer
135 behind-the-wheel examinations unless authorized pursuant to § 46.2-326.1. Driver education courses
136 offered by any Class B licensee shall be based on the driver education curriculum currently approved by
137 the Department of Education and the Department.

138 The Commissioner may accept, in lieu of requirements established by the Department of Education
139 for instructor qualification, (1) 20 years' service with the Virginia Department of State Police by a law-
140 enforcement officer who retired or resigned while in good standing from such Department or (2)(i) 20
141 years' service as a traffic enforcement officer with patrol experience with any local police department by
142 a law-enforcement officer who has been certified by the Virginia Department of Criminal Justice Services
143 pursuant to § 15.2-1706, (ii) who retired or resigned while in good standing from such department, and
144 (iii) who has been certified to teach driver training by the Virginia Department of Criminal Justice
145 Services.
