8 **Be it enacted by the General Assembly of Virginia:**

9 1. § 1. Any student enrolled in a virtual school program, as defined in § 22.1-212.23 of the Code of
10 Virginia, may take any beginning-of-year or mid-year growth assessment required pursuant to subsection
11 C of § 22.1-253.13:3 of the Code of Virginia in a virtual setting that best meets the educational needs of
12 the student, subject to the following conditions:

13 1. The student takes the assessment on an assigned date and at an assigned time;

14 2. The student attends a synchronous assessment session initiated and managed by virtual school
15 program personnel;

16 3. If the assessment platform does not allow integrated camera proctoring, the student shall use
17 two devices for the duration of the assessment administration: one device on which the student takes the
18 assessment and a second device on which an assessment proctor monitors for the duration of the
19 assessment administration via the camera on the second device. However, if the assessment platform
20 allows for the proctor to view the student and background, then a second device shall not be required;

21 4. The device on which the student takes the assessment has browser lockdown software in
22 operation for the duration of the assessment administration to eliminate the possibility of Internet browser
23 usage on such device for the duration of the assessment administration;

24 5. The device on which the student is being monitored has audio capabilities accessible by the
25 assessment administrator;

26 6. An adult approved in accordance with the terms of the virtual school program, such as the
27 student's parent, is physically present with the student for the duration of the assessment administration;

28 7. The virtual school program seeks to maintain a student assessment taker to assessment proctor
29 ratio of 10 to one or lower;

30 8. The student does not exit the assessment administration until instructed to do so by the assigned
31 assessment proctor;

32 9. Assessment submission is verified by the assessment administrator; and

33 10. The virtual school program is responsible for all costs associated with such virtual assessment
34 administration.

35 **2. That the provisions of the first enactment of this act shall expire at such time as the Department**
36 **of Education's current state assessment program contract expires; provided, however, that the**
37 **vendor selected by the Department of Education for the subsequent state assessment program**
38 **contract shall provide for the capability of virtual assessment administration.**
