A BILL to amend the Code of Virginia by adding a section numbered 54.1-2408.4, relating to out-of-state health care practitioners; temporary authorization to practice pending licensure; licensure by reciprocity for physicians; emergency.

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 54.1-2408.4 as follows:

§ 54.1-2408.4. Temporary authorization to practice.

A. A health care practitioner licensed, certified, or registered in another state or the District of Columbia may temporarily practice for one 90-day period, provided that the following conditions are met:

1. The practitioner has received an offer of employment in the Commonwealth from a licensed hospital, a nursing home, a dialysis facility, the Department of Health, or a local health department;

2. The employer verifies that the out-of-state health care provider possesses an active and unencumbered license, certification, or registration for the profession in which he will be employed in another state or the District of Columbia;

3. The employer obtains a report from the National Practitioner Data Bank if the applicant is subject to reporting; and

4. Prior to the out-of-state health care practitioner's practicing, the employer notifies the appropriate health regulatory board that the out-of-state health care practitioner is employed and will practice under the temporary authorization. This notice shall include the out-of-state health care practitioner's out-of-state license, certification, or registration number and a statement that such practitioner meets all of the requirements set forth in this section.

26 B. If the health care practitioner practicing with a temporary authorization has submitted an
27 application for licensure, certification, or registration, the applicable health regulatory board shall expedite
28 such applications for out-of-state health care practitioners practicing pursuant to this section. If licensure,
29 certification, or registration remains pending after the initial 90-day temporary authorization, the
30 authorization may be extended for an additional 60 days, provided that the employer submits notice to the
31 applicable health regulatory board.

32 C. Out-of-state health care practitioners practicing pursuant to this section shall be subject to the
33 laws and regulations of the Commonwealth and shall be subject to disciplinary action by the applicable
34 health regulatory board.

35 **2. That the Department of Health Professions shall pursue reciprocity agreements with jurisdictions**
36 **that surround the Commonwealth to streamline the application process in order to facilitate the**
37 **practice of medicine. Such agreements shall include a provision that, as a requirement for reciprocal**

41 **complies with the criteria established in the applicable reciprocity agreement and in an expedited**
42 **manner consistent with the Commonwealth's reciprocal agreements with each surrounding**
43 **jurisdiction.**
